

Fiddlers' Frolic

Billy Boyer

Becket

- A1** (8) Long lines go forward and back
(8) Ladies chain across and look for a new neighbor
- A2** (16) (New) neighbors balance and swing
- B1** (8) Circle left 1/2
(4) Men step forward and right to start a mad robin
(6) Ladies pull to start a 1/2 poussette
- B2** (8) Men take left hands and ladies take right hands to make a gypsy star.
- Ladies go forward and men go backward to turn the star 3/4
(8) Partners swing

Notes : The original A1 was long lines, men start a hands across star left and ladies fall in behind your partner, from initial positions, turn the star 1 for men and 1/2 for ladies, look for a new neighbor. I have also used long lines, roll away with a half sashay, circle right 3/4, turn alone and look a new neighbor. (For now) I have settled on the A1 noted in the dance because of it's simplicity.

Will Mentor suggests that a mad robin and full poussette fit nicely in 16 counts. This can be used in place of the B1 here, with the gypsy star becoming men take right hands, ladies take Left hands, men go forward, ladies go backward.
