- B2** (8) Long Lines Forward and Back
(8) Right and Left Through, The dance starts over with these same neighbors

Notes : The progression takes place in A1. The Zag and Zig is a little different in this dance; it is done by holding inside hands with your partner {man's right joined to lady's left}. Couples move one place to the right in their minor set, so they are now in normal improper position {with the ladies on the right as they face their neighbors up and down the set.} Then all will {Zag} to their individual right with men passing left shoulders as they move past their current neighbors. Then all move {Zig} to their individual left to come face to face with new neighbors.

A2: After the men allemande left 1 $\frac{1}{2}$, I would have the men stand back to back in the middle {facing their partner}. All will now be in place to start the $\frac{1}{2}$ hey by passing right shoulders with their partner. The ladies do exactly $\frac{1}{2}$ hey; the men do slightly more than $\frac{1}{2}$ hey.
